In Ceremony

(b) Graphics Register F400101

STAT

1. The accompanying motion picture, W6403 DCI Richard Helms, Swearing In (print 3), is transmitted in response to your request (reference a) for three prints of this film. It is due back to Graphics Register on or before 2 September 1967. [redacted] of your office currently has on loan prints one and two of this same film which are due back to Graphics Register on 5 August 1966 and 7 September 1966 respectively; the loans of these two items are extended until 2 September 1967.

2. There are restrictions concerning the use of these prints overseas, and it is for this reason that policy prescribes routing overseas requests through DD/P and the CI Staff so that pertinent instructions are passed directly to the end-user in writing. Thus, Graphics Register is able to maintain close control. Should you wish Graphics Register to service any overseas activity, they will be happy to be of service.
